Ebbert v. et al

1:22 cv 0596

I tried to file the administrative remedy while in the BOP. I was shipped to USP Lee Chapel. I was filing the United States Prison Administrative remedy process. I was denied the Administrative Remedy process and I was denied at USP Lewisburg. I was shipped to FDC Miami and FMC Butner where I am also filing a lawsuit because of the refusal of my

administrative remedy process
I was also caught inside
the Covid 19 issue and
all of the U.S. shut down
because I had mailed
my case multiple times
and I never got a response
from the Court ~~I~~
then called and notified
the Courts of the Denial
of access to the Courts
and then ~~I~~ was notified
that ~~I~~ could file it
in Macon Georgia Middle
District where I did.
I would also notify the
Court of the Mental and
Emotional distress caused

by the excessive use of force, assaults by inmates and officers, the denial of medical and dental treatment and the failure to separate me from problematic inmates that ended in a confrontation.

This is a continuing wrong violation. I was unlawfully subjected to being hand cuffed to tightly belts chained and shackled which left scars on my wrist, sides and ankles when I was given no medical or mental health help.

I was thrown into the shower nozzle which left a large scar

on my right shoulder which
I was not given medical
treatment for. This caused
mental and emotional distress
and problems with my
shoulder medically.

And also I would like the
court to know that I
was being denied access
to the courts. For which
I notified the courts
of the clerk. I
appeal to the courts to file
my case properly of J. Bivins.
